

Gingerbread McGraw Tower Template

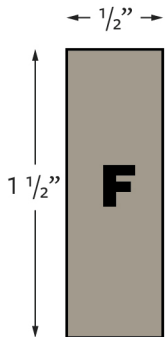

One standard-sized cookie sheet of rolled-out dough should be enough for all the pieces.
Note: be sure to cut out the large pieces first and then move on to the smaller ones.
We suggest lightly tracing all the required pieces before you cut the dough.

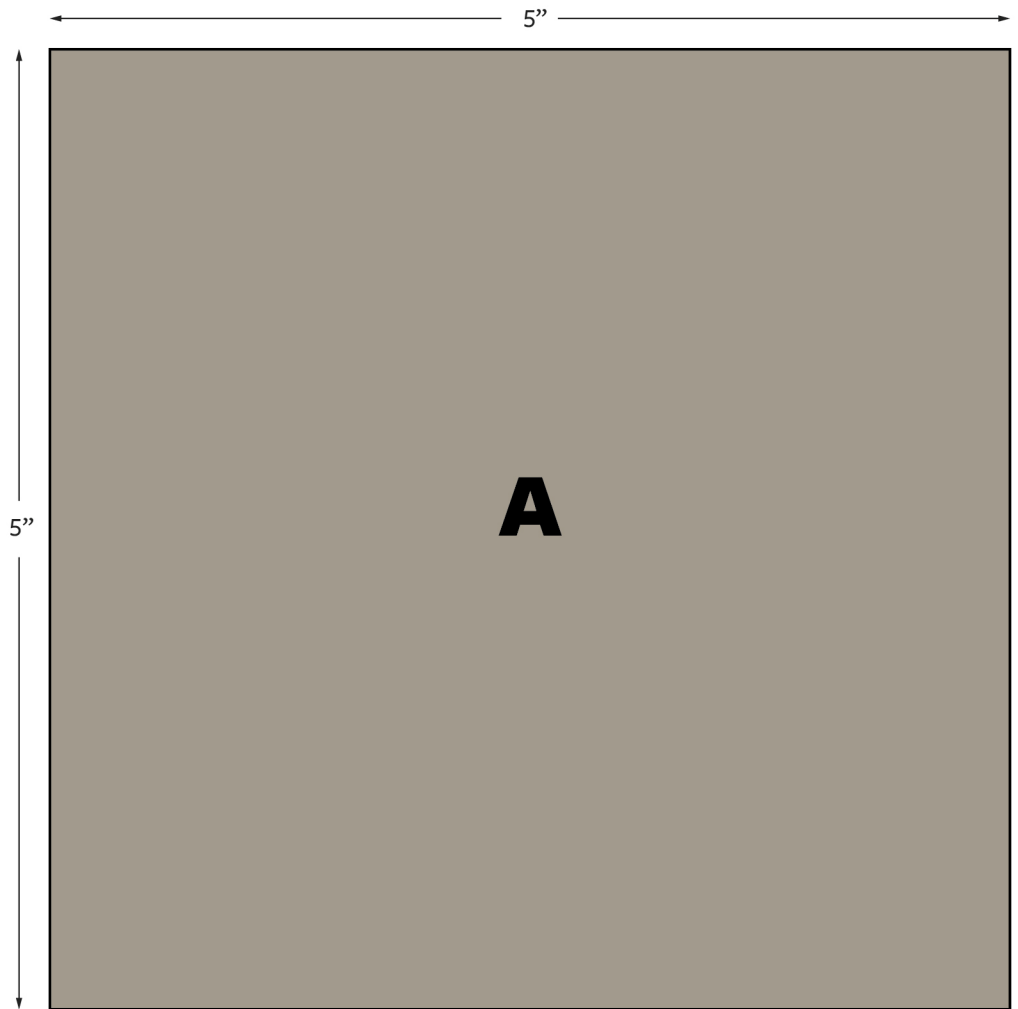

- A** Base
- B** Tower, bottom section
- C** Tower, top section
- D** Roof
- E** Clockface
- F** Window

E Clockface (x4)

F Window (x8)

A Base (x1)

Gingerbread McGraw Tower Template

Because the tower section is longer than a standard page, we've divided it into two parts. Overlap one end of piece C onto the lighter area atop piece B and tape together to form a single section measuring $13 \frac{1}{4}$ " long.
