THE BEST OF
NEW ZEALAND
by Sea

Queenstown to Auckland
Aboard the 140-Passenger *Heritage Adventurer*

FEBRUARY 25–MARCH 10, 2027

DEAR CAU FRIENDS,

CAU recommends this exceptional program exploring New Zealand by sea, operated by one of our most trusted partners and featuring an outstanding lineup of expert speakers from peer institutions. Explore New Zealand during one of its best seasons. Late summer to early autumn brings warm weather, clear skies, and a relaxed pace that makes exploring easy. The program begins with an overnight stay in Queenstown, where mountain landscapes and a strong outdoor culture set the tone for the days ahead.

From there, board the Kiwi owned and operated *Heritage Adventurer* for a nine-night voyage from Fiordland National Park to Auckland. The ship's design and full Zodiac fleet provide access to remote shorelines, wildlife habitats, and sheltered waterways across the North, South, and Stewart Islands.

Throughout the cruise, travelers can choose from a variety of excursions that emphasize New Zealand's defining features. Options include visiting glacial fiords, observing geothermal activity, learning about Māori heritage, and walking through native forests home to rare bird species. The program is supported by expert study leaders who offer lectures and informal discussions that add context to the landscapes and communities encountered along the way.

Optional extensions in Queenstown and in Auckland with the Bay of Islands are available for those who wish to continue exploring. Space is limited, and early reservations are encouraged.

Warmly,
CAU (Cornell's Adult University)

WHAT TO EXPECT
 Shore excursions range from a half-day to all day, with the balance of the time spent onboard cruising to the next destination. Many days will begin with a lecture from one of our study leaders, or we may hold a lecture at the end of an afternoon of touring, prior to dinner. Travel on land will be by air-conditioned motorcoaches, with most drives no more than an hour each way. There is one longer bus ride of about three and a half hours when traveling from Queenstown to Bluff to embark the ship, with a stop en route. During the cruise there will be excursions by Zodiacs, which require the ability to step from the ship to the Zodiac and back again in open water (the ship's crew will be there to assist you). Walking tours can be as long as two hours, covering one to two miles, and will range from walks in town to a few nature walks over uneven, sometimes muddy trails with inclines and declines. In many locations, you will be able to choose between a shorter or a longer, more strenuous option. This promises to be a memorable journey, but as with all travel, a flexible attitude, a spirit of adventure, and a willingness to explore new areas will enhance
