Queenstown to Auckland Aboard *Heritage Adventurer*

NOVEMBER 11–24, 2025

Featuring Amanda Rodewald,
The Garvin Professor, Natural Resources and the Environment
and Senior Director of the Center for Avian Population Studies,
Cornell University Laboratory of Ornithology

DEAR CAU FRIENDS,

Experience the best of New Zealand and its three main islands, the North Island, South Island, and Stewart Island, on this unforgettable 14-day cruise aboard the Kiwi-owned and operated *Heritage Adventurer*. This spacious and comfortable vessel contains a full fleet of 14 Zodiacs, allowing all passengers ample opportunity for exploration.

Begin with one night in Queenstown, the country's adventure capital, then embark on a 10-night cruise from Fiordland National Park to Auckland, calling at Milford Sound, Doubtful and Dusky Sounds, Stewart Island, Dunedin, Christchurch, Marlborough Sounds, Wellington, and Rotorua. A diverse menu of excursion options offers generous access to the island nation's dramatic glacial fiords, geothermal wonders, cultural richness, and untamed wilderness. On naturalist-led Zodiac expeditions, observe some of the world's rarest wildlife species in their natural habitats. Visit the rarely accessed Stewart Island and take a guided walk in Rakiura National Park, with its stunning coastal rainforest. In the breathtaking Marlborough Sounds, walk ashore on the Queen Charlotte Track, ranked one of the top ten walks in New Zealand.

You will be joined by expert study leaders throughout this program—including Amanda Rodewald, The Garvin Professor, Natural Resources and the Environment and Senior Director of the Center for Avian Population Studies at Cornell's Laboratory of Ornithology—who will offer a series of illustrated lectures and informal discussions along the way. There will also be opportunities to join a pre-trip extension in Queenstown and a post-trip extension to Auckland and the Bay of Islands. With limited space available, we encourage you to reserve your cabin today!

Warmly,
